Preface	ix
List of first authors	xi
IBD: the present situation and a glimpse of the promised land H.D. Janowitz	1
Part I : Etiology	
Is IBD a genetic disease? J.I. Rotter, T. Shohat & C.M. Vadheim	5
Glycoprotein structure and ulcerative colitis D.K. Podolsky	19
Barrier function of intestinal epithelial tight junctions (TJ) J.L. Madara, S. Nash, R. Moore, M. Shapiro, S. Carlson & C. Delp	27
Are mycobacteria the cause of Crohn's disease? W.R. Thayer, Jr.	35
Smoking and inflammatory bowel disease M.J.S. Langman	45
Part II : Pathogenesis and experimental models	
Role of platelet activating factor and interleukin I in the pathogenesis of inflammatory bowel disease D. Rachmilewitz, R. Eliakim, P. Simon, M. Ligumsky & F. Karmeli	49
Is there a primary defect in the host defense mechanism in IBD? C.O. Elson	59
Evidence against a defect in immune host defenses as a primary process in IBD L. Mayer	65
Animal models of inflammatory bowel disease W.F. Stenson	71
Part III: Clinical assessment	
Why the variation in colitic cancer rates from different centres R.H. Riddell	79

Is there any benefit from cancer surveillance in ulcerative colitis? J.E. Lennard-Jones	89
Endoscopy in IBD - what has it accomplished? M.O. Blackstone	97
The problem of postoperative recurrence of Crohn's disease D.B. Sachar	107
Endoscopic examination of the small bowel in idiopathic inflammatory bowel diseases G.N.J. Tytgat, S.O.P. Hofer, P. Fockens & M. v. Haastert	115

Part IV : Nutrition and metabolic implications

Crohn's disease in children and adolescents : diminished growth velocity T.M. Bayless	121
Skeletal complications of inflammatory bowel disease M.D. Sitrin	129
Enteral nutrition in inflammatory bowel disease E.G. Seidman, P. Atlan & C.C. Roy	141
Total parenteral nutrition in the management of inflammatory bowel disease: an update J.B. Mason & I.H. Rosenberg	159

Part V : Medical management

5-ASA in ulcerative colitis S.B. Hanauer	167
5-ASA preparations in the treatment of inflammatory bowel disease A.B.R. Thomson	179
4-amino salicylic acid in the treatment of ulcerative colitis: preliminary report of a randomized double-blind placebo controlled trial of oral 4-ASA A.L. Ginsberg	213
Olsalazine (Dipentum®): the first choice in the treatment of ulcerative colitis G. Järnerot	219

Immunosuppressive drugs: do they have any role in the treatment of IBD? (A)	
D.H. Present	227
Immunosuppressive drugs: do they have any role in the treatment of IBD? (B)	
C.O. Elson	235
Cyclosporin in inflammatory bowel disease	
D.H. Present	243
Use of methotrexate for refractory inflammatory bowel disease	
R.A. Kozarek	255
Therapeutic strategies in IBD: Case discussion with computer-aided audience participation	
S.B. Hanauer	267
Index of subjects	275

PREFACE

The Third International Symposium on Inflammatory Bowel Diseases was held in Jerusalem during September 10-13, 1989. Four hundred physicians and scientists from 25 countries attended the meeting. The symposium was organized into five panels devoted to state of the art reviews of the latest findings and approaches on the etiology, pathogenesis, metabolic implications, clinical assessment of disease activity and the medical management of IBD. Several issues were discussed in debate form. The last panel was dedicated to discussion of three patients with computer assisted active participation of all the attendants.

In addition, 63 abstracts were presented as posters, all of which were published in the Book of Abstracts.

The organizing committee gratefully acknowledges the contributors who presented their work in clear and concise manner and the participants, whose active part in the discussions contributed to the success of the meeting.

The Jerusalem International Symposium on Inflammatory Bowel Diseases has become a tradition that will continue with the Fourth Symposium to be convened in September 1993.

Joseph Zimmerman, M.D.

Daniel Rachmilewitz, M.D.

LIST OF FIRST AUTHORS

Theodore M. Bayless,
Johns Hopkins University
School of Medicine,
Baltimore, Maryland.

Michael D. Blackstone,
University of Chicago,
Chicago, Illinois.

Charles O. Elson,
Division of Gastroenterology,
The University of Alabama
at Birmingham,
Birmingham, Alabama.

Allen L. Ginsberg,
George Washington
University Clinic,
2150 Penn Avenue N.W.,
Washington DC.

Stephen B. Hanauer,
University of Chicago Hospital,
Chicago, Illinois.

Henry Janowitz,
1075 Park Avenue,
New York, New York.

Gunnar Jarneröt,
Department of Medicine,
Orebro Medical Centre Hospital,
Orebro, Sweden.

Richard A. Kozarek,
Department of Medicine,
Virginia Mason Clinic,
Seattle, Washington.

Irwin H. Rosenberg,
Tufts University,
Human Nutrition Research Center,
Boston, Massachusetts.

Jerome I. Rotter,
Division of Medical Genetics,
UCLA School of Medicine,
Cedars-Sinai Medical Center,
Los Angeles, California.

Michael J. Langman,
Department of Medicine,
Queen Elizabeth Hospital,
Birmingham, England.

J.E. Lennard-Jones,
St. Mark's Hospital,
City Road,
London, England.

James Lee Madara,
Department of Pathology,
Brigham and Women's Hospital,
Boston, Massachusetts.

Lloyd F. Mayer,
Mount Sinai Hospital,
New York, New York.

Daniel K. Podolsky,
Gastrointestinal Unit,
Massachusetts General Hospital,
Harvard Medical School,
Boston, Massachusetts.

Daniel Present,
12 East 86th Street,
New York, New York.

Daniel Rachmilewitz,
Department of Medicine,
Hadassah University Hospital,
Mount Scopus,
Jerusalem, Israel.

Robert Henry Riddell,
Department of Pathology,
McMaster University,
Hamilton, Ontario.

Michael D. Sitrin,
Section of Gastroenterology,
University of Chicago,
Chicago, Illinois.

W. Stenson,
Washington University
School of Medicine,
St. Louis, Missouri.

David B. Sachar,
Mount Sinai School of Medicine,
New York, New York.

F.G. Seidman,
Gastroenterology Division,
University of Montreal,
Ste. Justine Hospital,
Montreal, Quebec.

Walter R. Thayer,
Rhode Island Hospital,
Providence, Rhode Island.

Alan B.R. Thomson,
Department of Medicine,
University of Alberta,
Edmonton, Canada.

Guido N. Tytgat,
University of Amsterdam,
Academic Medical Centre,
Amsterdam, Holland.
