ACKNOWLEDGMENTS

Among all the friends and researchers who have encouraged me and offered their invaluable advice, a special thanks is due to Gianni Paganini for his penetrating criticism and indispensable support also in the realization of this new revised edition. Furthermore I remember with gratitude Stefano Minelli, who a few months before his death was pleased to agree to this edition in the name of Morcelliana. Finally, I am grateful to Andrew Harwood for having worked so diligently on the translation, in close collaboration with myself.
