ACKNOWLEDGEMENTS

The discussion about selfie citizenship began at the *Selfie Citizenship* conference, held at Digital Innovation (<http://diginmmu.com/>) at Manchester Metropolitan University, UK, in April 2015. I am grateful to my co-organisers, Simon Faulkner and Farida Vis, from the Visual Social Media Lab (<https://twitter.com/VisSocMedLab>), who made the event possible and stimulated the ongoing debate on the subject, on the day and beyond. A special thanks goes to Jim Henderson for his assistance with indexing; to Esperanza Miyake and Ruth Preser for their insightful comments on earlier drafts of this introduction; and to N.C. for the many inspiring conversations on the politics and ethics of the digital, and on the responsibilities of writing about it, as an observer, a participant and a critic. But most of all, I am indebted to all the contributors, whose ideas, hard work and poignant writing and art made this book possible.
